THE

## NEW FAMILY SINGER SEWING

MACHINE.

WITH ATTACHMENTS FOR ALL KINDS OF WORK is fast winning favor in the household, as shown by the rapidly increasing sales.

This NEW FAMILY SEWING MACHINE is capable of a range and variety of work such as was once thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, and smooth running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-like, alike on both sides of the fabric sewn. Thus, heavier cloth, or leather may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never wearying instrument may be adjusted for fine work or gauze or gossamer tissue, or the tucking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform.

At the world's fair it received the great award of the highest sales!
